

Maritime India Summit- 2021

Prime Minister Shri Narendra Modi will inaugurate the second edition of Maritime India Summit 2021, which is organised by Minister of State for Ports, Shipping & Waterways (I/C), Government of India from 2-4th March 2021 in virtual form. Around one lakh delegates and 40 partner countries are expected to participate in the event. FICCI is the industry partner for the Summit.

The event will comprise of a 3-day Summit and Exhibition. The event will be attended by various stakeholders in the maritime sector including senior and eminent policy planners, domestic and international investors, CEOs of Indian and global maritime companies, industry experts, thought leaders, technology providers, bankers and insurers, representatives of major ports and shipping lines from across the world.

The summit intends to be a powerful platform for international collaboration with partner countries for mutual exchange of knowledge and opportunities. The conference will project vast investment opportunities in each of the Indian maritime states and union territories. Maritime states of India will be a participate in the summit via dedicated sessions.

Investment opportunities exist in all segments of the maritime sector -- development of world class ports, modernization and development of new berths/terminals in existing ports, connectivity projects (road, rail and inland water transport), coastal shipping, cruise tourism, maritime education and training, shipbuilding and ship repair, ship breaking, dredging and development of smart port industrial cities.

A sideline event called “**Chabahar Day**” will be on the margins of the summit on 4th March 2021. Chabahar Day will witness Ministerial level inaugural session highlighting the role of Chabahar port in regional connectivity and trade promotion. These roles will be captured at length in form of two webinar sessions.
